

*A Christian Natural Health  
Institute of Higher Education*

**WHAT IS THE INTERNATIONAL INSTITUTE OF ORIGINAL MEDICINE?**

The International Institute of Original Medicine is a Christian, distance learning, natural health, and educational institute. We offer health education and services that are in harmony with the Creator’s natural laws of health. We believe that our offerings will provide all our valued students a powerful set of time-honored principles for developing the whole person – body, mind and spirit.

God’s simple methods of healing do not include, as a general rule, the use of drugs and invasive surgeries. Original Medicine utilizes the natural laws of health as outlined by the Holy Bible.

IIOM provides 21<sup>st</sup> century, relevant education at affordable prices.

Students may enroll at any time, begin their course work, and progress at their own speed.
